Meat Quotations Steady Except Lamb, Which Drops Slightly—Dairy and Poultry Products Firm.

Regular receipts of market supplies tended to hold prices firm during the past week, only a few changes being announced. Meat quotations were steady, with the exception of lamb, which declined sharply from 25 and 26 cents a pound to 22 and 23 cents. Beef prices fluctuated somewhat in wholesale lots, but retail butchers report no danger in their quotations.

Vegetable markets are receiving heavy shipments of garden stuffs, the greater part of the supplies coming from truck farms and small gardens near Washington. Prices were firm during the past seven days. The only change announced by produce dealers for garden produce was the disappearance of asparagus from many stands. The season for the commodity moved north rapidly, the small receipts being shipped here from Northern New York.

To Cleanse the Scalp
Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just ordinary hair oil, which is pure and entirely greaseless, is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.
Simply moisten your hair with water and rub it in. The hair dries quickly and evenly, and it leaves it fine and silky, bright, lustrous, fluffy, and easy to manage.
